## **Work at Intersection of Cannon and President Streets to Continue Through June**

**Charleston, S.C.**—Work at the intersection of Cannon Street and President Street will continue through the end of June to allow for unforeseen utility relocation ahead of new stormwater infrastructure installation related to the Spring/Fishburne Drainage Improvement Project.

City of Charleston senior engineering project manager, Steven Kirk said, “We understand that the closure of this intersection is a major inconvenience for our citizens, and we are working diligently to get it open again as soon as we possibly can.”
