One Week Left for Public Comment on U.S. Army Corps Coastal Flood Risk Management Study

Charleston, S.C.—The initial public review period for the U.S. Army Corps of Engineers, Charleston District's Charleston Peninsula Coastal Flood Risk Management Study will close on Friday, June 19, 2020. Citizens are encouraged to review the current Draft Feasibility Report and Environmental Assessment, available [here](#), and to provide feedback online [here](#) or by sending written comments to the Army Corps district office (Environmental & Planning Office, 69A Hagood Ave, Charleston, SC 29412) by June 19.

A second public comment period will be held in early 2021, and all citizen feedback provided will be addressed in the final report.

To learn more about the study, please visit the U.S. Army Corps of Engineers, Charleston District website [here](#).
