Charleston Police Department Evidence Office To Restrict The Release of Property To The Public

Effective immediately, the Charleston Police Department Evidence Office will restrict the release of property to the public.

The only items to be released will be those items deemed in need of urgent release. This will be determined by the Evidence Custodian and investigators on a case by case basis.

The Evidence Unit is the custodian of all items collected by department personnel or submitted to the department as items for safekeeping, found property and items collected as evidence.

This is being done to protect our employees and the public from the Coronavirus.

If you have questions, please call the Evidence Office at 843 720 2467.
