RE: 21-P018R – Case Management System RFP

The addendum #3 - **CORRECTION** to the solicitation is being made for the following reasons:

The answer to question 62 mentions a 34GB JURY database. Is this solicitation's goal to procure a Jury Management System in addition to the Case Management System for the City's Municipal court? If this is the case, can the City provide any specifications or requirements for the Jury Management System?

The City's current JEMS system has a Jury Management module along with the Case Management System. Any system that will be selected must have both Jury Management along with Case Management capabilities.

If you have any questions, please feel free to call 843-724-7312 or 724-7314. Thank you in advance for your cooperation.
