

# East Oak Forest

East Oak Forest Neighborhood Association is an active association sitting north of Highway 17, east of West Oak Forest Drive, and south of the West Ashley Bikeway. We focus on beautification, hospitality, social gatherings, events, and community safety.

Our beautification efforts include bi-annual community cleanups and holiday decoration for Thanksgiving and Christmas. We decorate the walls on every street for the holidays!

We also work hard to make sure that our neighbors are supported and feel included in the community. For example, we provide cards for sick residents. We provide support to residents when a family member has died, or if a baby has been born. We also welcome new neighbors with a letter and small potted plant.

We hold a Fall Festival annually in October with music, decoration, food, games and fellowship. We also have a Christmas holiday event at the community center on Playground Rd. with food, decoration, hot chocolate and fellowship. Our association meetings take place quarterly at the community center.

While the COVID-19 pandemic was difficult for our community, we were able to host 2 virtual neighborhood association meetings. In addition, we also have developed a block captain program. The captains oversee their street and make sure all is well. They inform residents of emergencies, concerns, and meetings.

We are proud of our neighborhood association!
