# DEPARTMENT MISSION

To improve the built environment and quality of life for all people in the City of Charleston.

## CORE FUNCTIONS

To accomplish our mission, we will always perform our core functions at the highest level.

- Use the Comprehensive Plan as a guiding document for a more resilient and equitable future
- Restore, protect, and preserve historic neighborhoods
- Facilitate construction of new neighborhoods that are compact and include a mix of uses
- Facilitate projects, programs, and policies that create affordability in housing and transportation options
- Cultivate healthy and diverse commercial districts
- Advocate for excellence in design
- Consider equity and environmental quality in all of our actions
- Collaborate across departments to solve complex problems
- Offer excellent, courteous, and professional service

## ORGANIZATION

### SEVEN DIVISIONS (# staff):

Administration (4)  
Business & Neighborhood Services (5)  
Civic Design Center (2.5)  
Entrepreneurial Resource Center (3)  
Planning (7)  
Preservation & Urban Design (7)  
Zoning (9)

### BOARDS & COMMISSIONS:

Board of Architectural Review - Large (BAR-L)  
Board of Architectural Review - Small (BAR-S)  
Board of Zoning Appeals - Site Design (BZA-SD)  
Board of Zoning Appeals - Zoning (BZA-Z)  
Design Review Board (DRB)  
Minority Business Enterprise Advisory Board  
Planning Commission (PC)  
Technical Review Committee (TRC)  
West Ashley Revitalization Commission (WARC)

# 2023 FOCUS AREAS

To address the current needs of our rapidly changing city, the department will focus on three areas of improvement for Charleston:

## WATERPROOF

**CHALLENGE:** Increasing frequency and severity of flood events.

**VISION:** A waterproof city that can grow and adapt to changing climate conditions.

## INCLUSIVE

**CHALLENGE:** Declining demographic diversity of the city.

**VISION:** An inclusive and equitable city open to people of varied backgrounds and incomes.

## BALANCED

**CHALLENGE:** Separated uses, disconnected neighborhoods and commercial centers; livability issues.

**VISION:** A balanced city of compact neighborhoods with a mix of workplaces, services and residences, connected together with a range of transportation options.

# 2023 KEY INITIATIVES

## WATERPROOF

- ✓ Provide analyses and urban design support for the Peninsula Perimeter Surge Structure in the Army Corps of Engineers' planning, engineering, and design phase.
- ✓ Launch community engagement efforts for new Downtown Plan/Peninsula Plan.
- ✓ Initiate phase one of rewriting the Zoning Ordinance. Analyze the existing code and engage stakeholders to create a new elevation-based zoning code.
- ✓ Identify and recommend improvements to the Hagood Avenue area related to flooding, drainage, housing, heat, and mobility.

## INCLUSIVE

- ✓ Begin construction upfit for the Entrepreneurial Resource Center and hire staff support the future center and minority and women owned businesses.
- ✓ Implement and expand an official Affordable Housing Concierge Program by hiring a full-time Affordable Housing Coordinator that will lead efforts to streamline review processes and update development policies.
- ✓ Kick-off a multi-faceted community driven initiative to document, honor, and protect historic African American Settlement Communities.
- ✓ Assist in developing the Rosemont Bridgeview resilience plan.
- ✓ Implement diversity, equity, and inclusion recommendations from the Commission on Human Affairs and Racial Conciliation.

## BALANCED

- ✓ Design bicycle infrastructure accommodations for the Bee Street corridor including access to the future Ashley River Crossing Bike and Pedestrian Bridge.
- ✓ Support and evaluate first year implementation of the King Street BID.
- ✓ Provide planning and design support for the Lowcountry Rapid Transit 60% design documents.
- ✓ Develop initiatives to promote West Ashley businesses such as interactive maps that identify small and local businesses within close proximity to neighborhoods and work centers.
- ✓ Create rental registration for residential properties in areas with livability challenges.

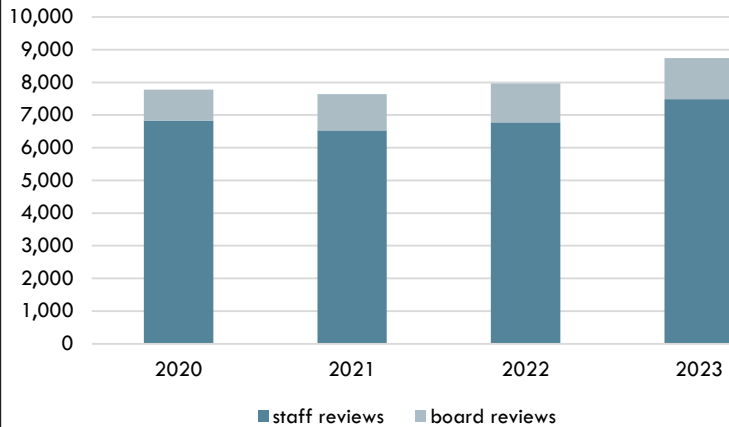

## COLLABORATIVE

- ✓ Implement an overall communications strategy, "Plan Charleston," for department work and citizen engagement.
- Establish a "Planners' Night In" to share information about City processes and plans.
- ✓ Onboard a Mobility Planner to work collaboratively with other City departments and the community to implement the City's multi-modal transportation objectives.
- ✓ Publish *Board of Architectural Review General Guidelines*, a resource booklet that provides guidance to citizens and applicants for the renovation and rehabilitation of historic buildings.
- ✓ Launch a Civic Engagement Academy.
