

UPPER KING ST PICK-UP/DROP-OFF ZONES

PILOT PROGRAM

WHAT

All vehicles picking up or dropping off passengers on Upper King St (between John St and Spring St) will use one of five pick-up/drop-off zones on and around King St. This includes rideshare users, who will be routed to the zones through the Uber or Lyft app.

WHY

We need designated space for vehicles to facilitate safe and efficient pick-ups and drop-offs on Upper King St - *like the rideshare space at the Charleston Airport*

WHEN

Pick-Up/Drop-Off zones will be active through the Uber and Lyft apps from 6 p.m.-3 a.m., 7 nights a week.

During this time, vehicles should not stop on Upper King outside of the designated Pick-Up/Drop-Off Zones

SAFETY REMINDER

Before getting into a rideshare vehicle, *always make sure the vehicle's license plate matches the license plate listed in the app.*

HAVE FEEDBACK?

This is a 6 month pilot program. Contact thompsonm@charleston-sc.gov with feedback on how it's going.
